Spirit And Community
Galatians 6:1-18

1. What obligation does the community of faith have toward those who fall under the spell of sin?

2. Describe a time when a community of faith responded in such a way and tell the impact it had on you and others.

3. Describe a time when a community of faith did not respond in such a way and tell the impact it had on you and others.

4. What is the warning toward those who might take up the task of caring for someone caught in sin? Why is it so easy for this to happen?

5. How does it change lives if one boasts only in Christ?
